PROFILE

I'm **Mohamed Fazil.A**, a Full Stack Developer and recent **BCA graduate from Mohamed Sathak College of Arts and Science, affiliated with the University of Madras**. I specialize in building responsive web applications using **HTML, CSS, JavaScript, Python, and Django**, with a focus on clean code, scalable REST APIs, and SQL-based data handling.

I'm continuously improving my backend knowledge, including **Django authentication, REST API development, and template rendering**, while strengthening my problem-solving and communication skills.

For my final year project, I developed **Class-Aura**, a **Student Management System** with full CRUD functionality, user authentication, and an intuitive admin interface, built using Django.

PROJECT

Project: Class Aura – Student Management System
